Unlock the mysteries of the Incas and Egyptians with 7 Wonders II – an enhanced version of the critically acclaimed board game (and a .Q: List of NSDate not filled in with programmatically loaded NSArrayController I have an NSArrayController programmatically created via a NSDictionary of

NSDates. It contains a custom NSArray subclass and that is connected to an array of NSDates. I have verified that this array is populated correctly via various print statements in a debug block. However, when that NSArrayController is hooked up to the table view of my view, nothing is appearing in my table. The NSArrayController's

attribute is set to "created automatically", and the array is set to type "NSMutableArray". I would like this array controller to display dates when it is loaded, but there's nothing in the table. Here is the code for the Array Controller (created without an xib):

```
NSDate *today = [NSDate date]; NSDate *pastEnd = [[NSDate alloc] initWithTimeInterval
```

```
    SinceNow:60 * 60];  
    NSDate *futureStart =  
[[NSDate alloc] initWithTi  
meIntervalSinceNow:60 *  
    60 * 24];  
    NSArrayController  
*dateArrayController =  
[[NSArrayController alloc]  
    init];  
dateArrayController.name  
= @"dateArray"; dateArra  
yController.arrangedObjec  
ts = [[NSArray alloc]  
initWithObjects: [NSNull
```

```
    null], today, [NSDate null],
    pastEnd, [NSDate null],
    futureStart, [NSDate null],
    [NSDate null], [NSDate null],
    [NSDate null], [NSDate null],
    [NSDate null], [NSDate null],
    [NSDate null], [NSDate null],
    [NSDate null], [NSDate null],
    [NSDate null], [NSDate null],
    [NSDate null], nil];
[dateArrayController
setIndexSet:[NSIndexSet
indexSetWith 0cc13bf012
```
