first of its kind in the history of Hindi cinema. About this Item Career changer.

The Quantum Key One Stick fully rechargeable (by USB 2.0) dual-band WiFi Keyless. No longer do you need to connect to wifi hotspots with slow Internet connections. Just throw it in your pocket and off you go. For small rooms. The Key One Stick is designed to be the ultimate wall-mounted keyless wireless access point. It is small and portable, making it ideal for rooms smaller than 10ft. Purchase with confidence. Easy to use: this is the easiest WiFi access point to use, with no buttons to press or menus to scroll through, but instead offers simply a Wi-Fi button that simply needs to be pressed and allows an easy connection. NFC (Near Field Communication) and Bluetooth are also built in. The Key One Stick is also designed for use in commercial environments, with dual-band

connectivity. This means it is great for shared-network environments, but also ideal for businesses that may have more than one access point, or if you're on an existing wifi hotspot and want to share it with a colleague. Once the connection is complete, this is the easiest access point to use, requiring simply a single press of the Wi-Fi button to open up your network and connect to a web browser or Skype. Enjoy your free internet anywhere. With the Key One Stick, you never need to be connected to a specific network or hotspot again. Your Key One Stick automatically changes to any available wireless network when it's near your computer. Better security. With the Key One Stick, you're never more than 5 meters away from an encrypted wireless network, with a minimum security of WPA2. Plus it's M
