Jan 27 '11 2019 - Answered by aleeth: 17:53, January 28, 2022 just the case when I don't know what to do. We are renovating our house. They started doing it at the end of summer, and now, almost at the end of winter, they are finishing it. So, if I do nothing, then by spring the whole house will be littered with garbage. But this is not the main thing. The main thing is that it can take all summer. And summer is the hottest time in Israel. And at the end of the summer, in the heat, all this garbage will smell very bad. I do not know what to do. I don't know what alternatives there might be. I don't know what to do.
